Even MORE Services!

**Adult Basic Learning Program**

The Ilisaġvik College Adult Learning Center helps adults improve their basic skills in reading, writing, and mathematics for educational, vocational, and personal success. We offer General Education Development (GED) Testing and preparation, as well as English as a Second Language (ESL) assistance. The Adult Learning Center is an open entry/open exit program. Each village also has an Adult Basic Education (ABE) program. For more information, contact 907.852.1742 or 1.800.478.7337 ext. 1742.

**Workforce Development**

Ilisaġvik’s Center for Community and Workforce Development (CWFD) works directly with North Slope employers to assist them in meeting present and future workforce needs. Trainings are delivered on site in Barrow and in all North Slope villages and are designed to meet national regulatory and industry standards. CWFD also develops custom trainings on-demand for North Slope organizations to meet specific workforce needs. Trainers for CWFD programs come from local, state, and national sources. If your organization has a specific training need, contact us at 907.852.1868 or 800.478.7337, ext. 1868.

**Teachers for the Arctic**

Teachers for the Arctic is a teacher preparation program at Ilisaġvik for early childhood education, elementary education, and secondary education. Students interested in a teaching career should enroll in the Associate of Arts degree (AA) program at Ilisaġvik College and, following successful completion of the degree, transfer to participating colleges such as the University of Alaska Fairbanks, the University of Alaska Anchorage, or Alaska Pacific University to obtain a baccalaureate degree in education. The AA degree at Ilisaġvik provides the first two years of study for these degrees. Participants will also have an opportunity to take Distance Delivery classes from these universities if they choose to work and stay at home. The Teachers for the Arctic program will support them in all these efforts. For more information, contact 907.852.6704 or 800.478.7337.

**Dual Credit**

Dual credit is a partnership between Ilisaġvik College and the North Slope Borough School District. This program allows eligible students to earn both college and high school credit for courses they take at the college while still in high school. To be eligible, high school students must be juniors or seniors, have passed the High School Qualifying Exam (HSQE), and have a minimum cumulative grade point average (GPA) of 2.0. For more information, contact 907.852.1818 or 800.478.7337, ext. 1818.

Distance Education

Want to Take Classes From Home?

IỊisaġvik College offers distance education via web-based online courses, illuminate technology, teleconference and independent study. Services are provided in each village across the North Slope Borough. Village liaisons assist students in applying to IỊisaġvik, registering for courses, training on use of technology, and referring them for available financial aid. Each village has computers for use in college studies.

“I am impressed by the attention I have gotten for any problems that have come up, and also the occasional phone calls to see if I am doing well or need help with my classes. How sweet! Really, even though I have never met anyone there, I feel like I am cared for.”

“I’llisagvik is a great college. I’m glad there are online classes so I can be home with my kids and go to school.”

Why IỊisaġvik?

IỊisaġvik College is the only accredited, Alaska Native controlled higher education institution in Alaska, and is the only college located within the boundaries of the Arctic Slope. In 2005, we also became the only Tribal College in the state. Every program we offer at the college not only models our Iñupiat traditions, values, and culture, but also has substantial career and employment opportunities in the Arctic as well as elsewhere in Alaska. The College offers its students an educational experience tailored to fit their needs and schedules. IỊisaġvik reaches out to students and offers a way for them to get the education they need to provide for themselves and their families. Whether you are a full time mom, looking to change careers, or looking to increase your skills in your chosen field, IỊisaġvik has a program that can work around your schedule.

Here at IỊisaġvik, we recognize each individual student for who they are and what their specific needs might be. Whether it’s something as simple as picking you up at the airport when you come in from your village, helping to find safe, sober and secure housing for you while you attend IỊisaġvik, or hosting Native food potlucks, we personalize our service for you.

“Congratulations! You’ve interested in college! By picking up this brochure, you’ve taken the first step! So, what’s next?”

All quotes used are responses from IỊisaġvik College’s 2009 student satisfaction survey.
