

UPDATED: JAN 5TH, 2021

2021 SPRING COURSE *Schedule*

**İLISAĠVIK
COLLEGE**

ILISAĞVIK COLLEGE

Choose the path that fits your goals

Do you want to earn an endorsement, certificate, or degree?

Get started by completing an Application for Admission and selecting a program that interests you.

Do you want to take a course or courses for personal enjoyment and/or professional growth, but are not sure if you want an endorsement, certificate, or degree?

Get started by completing a registration form and selecting the class(es) that interest you.

Do you want to take a college course, but are still in high school?

Get started by talking to your school counselor, and he/she will help you register for the course(s) that interest you.

WE ENCOURAGE YOU TO EMAIL OR TALK LIVE TO SOMEONE TO FIND THE OPTION THAT IS RIGHT FOR YOU.

PLEASE CONTACT JANELLE EVERETT AT 907.852.1798 OR
JANELLE.EVERETT@ILISAGVIK.EDU TO SET UP A CONVENIENT TIME.

DESCRIPTIONS FOR COURSES OFFERED FOR THE FIRST TIME THIS SPRING

ED	194	3	CTE: Course Organization & Curriculum Development
-----------	------------	----------	--

Participants will acquire foundational information on how a course is developed from occupational and academic standards to a program of study. Participants will demonstrate essential skills of navigating resources to develop a curriculum framework in their program area including knowledge and application of State Standards, career clusters, and the role/function of advisory committees.

ED	194	2	CTE: Personal Student Development & Leadership Techniques
-----------	------------	----------	--

This course focuses on student participation in a Career Technical Student Organization (CTSO) or appropriate leadership activities. Participants will review current research on adolescent brain development and the corresponding relationship to teaching and learning. In addition, participants will become familiar with existing youth organizations and the roles of a career guidance system.

ED	199	1	Practicum (CTE Teacher Prep)
-----------	------------	----------	-------------------------------------

This course provides a guided practicum experience to apply knowledge gained in working with students. Opportunities to apply acquired skills in providing quality education based on the knowledge of pedagogical theories and approved practices will be provided. Increased competencies in student development and learning will occur along with an increased ability to plan and implement culturally relevant activities designed to support learning and development. *Must be enrolled in the CTE Teacher Prep Program.

IT	194	1	Producing Creative Educational Videos
-----------	------------	----------	--

Learn to record simple videos for teaching, sharing Iñupiaq knowledge, and/or presenting class projects using smartphones, cameras and/or webcams. Learn how to use free online resources and open source tools for editing content and producing a creative and engaging educational video. Understand options for sharing and posting videos for a class and/or online.

PSY	294A	3	Abnormal Psychology
------------	-------------	----------	----------------------------

Introduces the psychology of abnormal behavior through research and clinical applications using a biopsychosocial model. Psychological disorders are presented within their multicultural, gender and developmental contexts. Topics also include history, assessment, suicide, psychopharmacology, mental institutions, psychotherapy and prevention, as well as contemporary legal issues.

PSY	294B	3	Cross Cultural Psychology
------------	-------------	----------	----------------------------------

Explores ethnic-cultural values, attitudes and beliefs as they relate to interpersonal relationships and human behavior. Examines how behavioral styles, manifestations of psychological disorder and effective psychotherapy methods are affected by ethnic-cultural factors.

TH	103	2	Mind, Body and Health in Traditional Healing Lab
-----------	------------	----------	---

This course is designed to increase the depth of knowledge and competency of students in skills and concepts learned in Introduction to Traditional Healing regarding hands-on touch therapy and traditional counseling, as well as develop cultural and traditional knowledge. Students will learn fundamental skills for developing customer-owner-focused treatment plans through observation. Additionally, students will apply concepts and skills to develop overall well-being and develop cultural and traditional knowledge. Students will apply a series of methods shown to be helpful with a wide range of serious health-related problems through gentle touch therapy and/or traditional counseling.

TH	104	4	Energies and Body Systems in Healing Practice
-----------	------------	----------	--

This course is designed to increase the depth of knowledge and competency of students' hands-on touch therapy and traditional counseling through observed practice. Students will develop customer-owner-focused treatment plans with Tribal Doctors. Students will apply a series of methods shown helpful with a wide range of serious health-related problems through gentle touch therapy and/or traditional counseling. Students will apply concepts and skills by teaching others cultural and traditional knowledge through designated activities.
